Entered according to Act of Congress, in the year 1866, by
CHARLES W. SANDERS,
In the Clerk's Office of the District Court of the United States for the Southern District of New York.

PREFACE.

THE UNION PICTORIAL PRIMER is designed as an introduction to SANDERS' UNION SERIES OF READERS AND SPELLER. The plan of the book is similar to that of Sanders' Pictorial Primer, — a work which has been more extensively used in the schools of this country than any other of the kind ever published.

This unparalleled success, doubtless, lies in the *peculiar fitness* of that work for the juvenile mind.

The book is so arranged as to be adapted to the *word method*, the *phonetic method*, or to the *ordinary method*, — that of teaching the names of the letters first, — just as the teacher may prefer.

The engravings, which have been designed and executed by one of the most skillful artists expressly for this book, are all entirely new. These are highly attractive, and will aid the learner in understanding the lessons which they illustrate, and, at the same time, afford numerous subjects for OBJECT-TEACHING.

NEW YORK, 1866.
